

## Drop-off Procedures

Recycling brought to the drop-off locations will need to be sorted into the following categories:

1. Glass jars and containers
2. Bags and over wrap from retail packaging
3. Plastic, metal and paper containers
4. Paper and cardboard
5. White foam packaging
6. Coloured foam packaging
7. Other flexible plastic packaging

*A drop-off attendant will be present to answer questions about program material and procedures. As per our safety guidelines, staff are unable to assist customers with transporting materials from their vehicles (this includes with the use of equipment or machinery).*

## NOT ACCEPTED

- Unsorted or mixed materials
- Window glass/panes, plates and cups
- Plastic packaging labelled biodegradable or compostable
- Foam peanuts, packing chips or noodles
- Blue or pink foam board insulation
- Unidentifiable, unknown or unlabelled products
- Medical waste
- Organics

## Abbotsford Mission Recycling Program

Abbotsford Mission Recycling Program provides recycling services for the District of Mission and City of Abbotsford. The Recycling Program is a part of Archway (formally known as Abbotsford Community Services) and began in the early 70's as one of the first recycling programs in the province of British Columbia. It started as a program to provide meaningful employment for the traditionally hard to employ and continues to advocate for this today.

# Drop-Off

Materials that can be brought to either of our drop-off locations
